

Networking and Training Opportunity:

20 Questions Session: The Internet

Roundtable Overview:

Do you have questions about the internet or your website that you really wanted answers too but were too intimidated or self-conscious to ask? Well, this is the course for you! SBDC is holding a 20 Questions Session on the internet where you get to determine the content of the course. Every attendee is asked to submit up to 20 questions they would like answered during this open forum session. The top 20 submissions (plus a few more if time allows!) will be answered in a group setting. Names will be omitted to protect the innocent! Here is how it works:

- **Register for the Roundtable** – Instructions below.
- **Submit Your Questions** – Email to: earl@internetsalesplus.com
- **Attend the Session** – Bring note taking materials and an open mind!
- **Get Your Answers** – If we don't cover all your questions in class, an email or phone answer will be attempted afterwards if desired.

Speakers: Earl Gregorich, President – Internet Sales Plus LLC
Frank Wollenhaupt, Vice President – Internet Sales Plus LLC

Dates: February 7th, 2008 – 11:30am 'til 1:00pm
